## Weather

Monday will be sunny and warmer with highs in the low 80s. Monday night will be fair and warmer with lows in the upper 50s. Tuesday will be sunny and warm with highs in the mid 80s.

## Cobb rushes to another banner performance

by Andy Savoie

Eastern football's Poke Cobb broke yet another record in his illustrious four year career Saturday when the Panther halfback rushed for 174 yards in 25 carries to capture the all-time Illinois career rushing mark.

Cobb has now accumulated 480 yards this season, and 3,913 in his career to surpass the previous state record of 3,806 set by Illinois Benedictine's Ken Carruthers in 1972-75.

This is but one of several records which Cobb has either broken or has a chance of attaining.

Nationally, Cobb is just 926 yards short of the NCAA Division II rushing mark of 4,839 yards, set by Panhandle State's Jerry Linton in 1959-62.

Cobb is also within reach of Jim Van Wagner's national career record of 25 games of rushing over 100 yards. Cobb has 20 such 100 yard days, and has at least eight games remaining to shoot for the mark.

As far as school records go, Cobb holds the Eastern marks for most yards rushing in a season, 1330, most yards rushing in a career, 3913, most rushing attempts, 7101, most touchdowns scored in a season, 16 and most touchdowns scored in a career, 41.

Cobb said the breaking of the record on Saturday was "just a matter of time", and that his "big runs" during the course of a game give him more of a thrill than setting records.

Cobb also said he is "really excited" about Mayor Hickman's proclamation of Tuesday as "Poke Cobb Day."

### *Tuesday proclaimed 'Cobb Day'*

Eastern football's record-breaking running back, Poke Cobb, has reaped many honors during his four year career with the Panthers, and now he is going to get his own special day.

Mayor Bob Hickman announced Saturday that he has proclaimed Tuesday "Poke Cobb Day" in Charleston. City hall public relations representative Steve Childress said Mayor Hickman will present Cobb with a formal proclamation in his honor at 7:30 p.m. Tuesday at the Charleston City Council Meeting.

"We have invited President Marvin, (athletic director) Mike Mullally, the coaches, and any players who want to come," he added.

Eastern players celebrate with Poke Cobb after he set the Illinois collegiate career rushing record during Saturday's rout of Wayne State. Cobb has amassed a total of 3,913 yards

while at Eastern, breaking the former mark of 3,806 yards held by Ken Carruthers of Illinois Benedictine College from 1972-75. (News photo by Diane Banta)

## AFSCME tight-lipped on contract talks

by Marc Pacatte

Negotiating teams for the American Federation of State, County, and Municipal Employees and Board of Governors are maintaining a closed-mouth attitude in reference to current contract negotiations.

The current contract expired midnight Friday, and can be extended as long as both sides continue to negotiate.

Ray Blagg, president of Eastern's chapter of AFSCME, would not comment on the negotiations saying "we promised each other we wouldn't talk about this."

An AFSCME negotiator, Gary DeHollander, said ground rules were signed between the two parties "allowing no press releases."

"If I told you anything, it would really tear up what we've done so far," he added.

Robert Lasch, BOG representative, would not comment concerning the negotiations.

Granville Justice, one of the four AFSCME negotiators, also refused to comment.

The next meeting between the AFSCME and BOG negotiating teams is scheduled for today at Eastern.

Eastern's Director of Personnel and Employee Relations James Pfeiffer said Sunday the negotiations are progressing satisfactorily, adding "I don't see any problems."

DeHollander said Thursday that money was one of the issues being negotiated. "We want more money because of the economy and they (BOG) have less because of the economy."

Eastern's building service workers and food service workers authorized their union representatives to call a strike vote if negotiations do not result in a new contract soon.

When asked what a strike at Eastern would mean, Pfeiffer said that it would be similar to a 1973 strike.

In 1973, AFSCME workers struck for thirty days when wage demands were not met by the BOG.

Services at the college were crippled by the strike, and students were hired

to fill the jobs.

Workers finally voted to accept the BOG's offer even though they were not satisfied with the 13 cent increase.

Union negotiator James Woodard said in 1973 of the agreement, "I'm not satisfied and I know the membership isn't satisfied."

However, if AFSCME did strike, it probably would not be as severe as the 1973 strike, because in 1973 there were 600 workers, but now there are only 400 involved.

Former AFSCME Local President Bob Jones said the decrease is because craftsmen, groundsman, and secretaries are not being represented by AFSCME as they were in 1973.

## AFT representatives meet to discuss contract proposal

Department representatives for Eastern's chapter of the American Federation of Teachers will meet Monday to discuss the tentative contract settlement, an AFT official said Sunday.

Maurice Libbey, membership chairman for Eastern's chapter, said the representatives will go over the terms of the tentative contract and report back to their departments with the information.

The agreement between the AFT and the Board of Governors has been endorsed by the AFT Executive Board and is currently waiting for ratification by all faculty members.

After ratification by the faculty, it must be voted on by the BOG before it becomes official.

The meeting will be held at 7:30 p.m. in the Union addition Neoga Room.

## Competitive race exhausts Carter

CAMP DAVID, Md. — After his near-collapse in a foot race a day earlier, President Carter was given a "comprehensive examination" by his personal physician Sunday and pronounced in excellent health.

"The president's health is excellent and his strength is fully returned," said White House deputy press secretary Rex Granum. "He feels fine."

Carter entered his first competitive race, a 6.2 mile-course up and down steep hills in the Catoctin Mountain National Park, Saturday but became wobbly and nearly collapsed after about 4 miles.

After resting for several hours at the presidential retreat, a renewed-looking Carter went back to the park for an awards ceremony.

Navy Rear Adm. William Lukash, the president's physician, examined Carter at the retreat after the race on Saturday and again after the president had eaten a big breakfast on Sunday, Granum said.

## H-bomb diagram, letter published

MADISON, Wis. — A diagram and the complete text of a controversial letter that the government says contains secret information about the hydrogen bomb were published Sunday in a special edition of the Madison Press Connection.

The letter—written by Charles Hansen, a computer programmer from Mountain View, Calif.—figured in a Saturday night ruling by a federal

# (AP) News shorts

judge in San Francisco, who issued a temporary restraining order barring the student-run Daily Californian of Berkeley from publishing it.

As published in the Press Connection, Hansen's 32-page letter is about half technical information on what he says is how to build and trigger a hydrogen bomb and half social commentary on the need of the American people to have the information so they will understand the weapon's destructive power.

## East Germans fly to freedom

NAILA, West Germany — Eight East Germans, including four children, floated through the night skies over Germany and across the "death strip" border to the West on Sunday in a homemade hot-air balloon stitched together from bits of nylon and bedsheets.

The group, made up of two families each with two children, escaped in a 12-mile, 20-minute flight that ended in this Bavarian town six miles from the border. Their leader, an airplane mechanic, told reporters they had prepared for the trip for two months, since they failed in their first attempt July 4.

The mechanic, who asked that none of their names be used, said they fled for political reasons, because "it was no longer possible for us to lie to our

children and put up with the political conditions in East Germany."

## Lone Ranger rides unmasked

CHICAGO — The Lone Ranger and Buck Rogers came to town dressed as Clayton Moore and Buster Crabbe.

Moore's outfit was a little make-shift: aviator sunglasses replaced the mask that until a month ago had made the Lone Ranger famous and the cowboy duds didn't look as though they had ever seen a dusty trail.

But there he was, bouyant despite the legal battle with the Wrather Corp., which owns the rights to the Lone Ranger character, extolling the virtues of law and order that won the West.

"Playing the Lone Ranger's made me a better person, more considerate, more tolerant," Moore said during a news conference Saturday with Crabbe to kick off a nostalgia show at the Palmer House. "I believe in the Lone Ranger."

The 65-year-old Moore, looking slim trim and wrinkle free thanks to makeup, was forced to give up his mask last month when a judge ruled in favor of the Wrather Corp., which thinks a younger man should carry on the lonely crusade for truth and justice.

While Moore travels the country plugging the good old days, Crabbe, 71, sells real estate.

## Young pledges Carter support

NAIROBI, Kenya — Andrew Young said Sunday his immediate aim is to help President Carter win re-election. Beyond that, he said recalling his grandmother's favorite quote from the Bible, "Let the day's own trouble be sufficient unto the day thereof."

With less than a month to go before his resignation as U.N. ambassador takes effect, Young discussed his plans and his role over the past 30 months in an interview with The Associated Press on a 5½-hour flight from Cameroon to Nairobi, part of an African tour to promote U.S. trade with Africa.

"I've always taken my life one day at a time," he said, and his plans for the near future include doing some writing and speaking, and in November probably visiting several Middle East countries, including "at least Israel, Egypt, Kuwait and Jordan."

## Nixon praises Carter's efforts

HONG KONG — Former President Richard M. Nixon on Sunday described Jimmy Carter as a "fighter" who he "wouldn't sell short" in the looming battle for the Democratic presidential nomination.

"We have to see whether Mr. Kennedy wants to fight-or just talk," Nixon said.

"President Truman got a little low at one point. Yet, he came back and won in 1948 to our great surprise. I think President Carter has some very serious problems. He's working hard at them. I think he's a fighter. I wouldn't sell him short," Nixon added.

# Fall blood drive to kick off Oct. 8

by Sandy Young

"Your Plasma or Mine" is the theme selected to represent Eastern's fall blood drive which will be held Oct. 8-11, Randy Stocker, student chairman of the drive said.

Stocker said the first organizational meeting for students interested in volunteering help with the drive will be held at 3:30 p.m. Tuesday in the Union addition Charleston-Mattoon room.

Stocker added that many volunteers are needed to work on the various committees as "the students do all the work here—we have few sponsors."

Committees will include working in the donor room, signing up donors in the union and in residence halls and speaking to health classes about the drive, Stocker said.

Stocker said the Red Cross supplies nurses from St. Louis to help in the donor room each year, and students assist these nurses in various ways, such as showing people where to sit in

the donor rooms, typing forms and giving fruit juice to donors.

Eastern holds blood drives in fall and spring every year, Stocker said.

Dean Lowell, faculty chairman of the drive said blood drives began in Charleston around 1947, but didn't start on campus until 1949.

Lowell said he started working as faculty chairman of the drives about seven years ago. He added that the

drives were small at that time and averaged around 600 pints of blood.

Lowell said 1,389 pints of blood were collected last spring, and the goal for the fall drive is 1,400 pints.

Lowell said Eastern is the number one donor in the bi-state division, which includes Missouri and Illinois.

He said he thinks Eastern is the number one donor in the nation, but a check has never been done.

## EFS slates Mel Brooks comedy

by David White

The Eastern Film Society will present a Mel Brooks comedy "The Producers," at 5, 7 and 9 p.m. Tuesday in Booth Library Lecture Hall.

The film concerns two producers who oversell stock to their play "Springtime for Hitler," since they are sure it will flop and close on opening night. The film stars Zero Mostel and Gene Wilder.

EFS adviser Frank Stokes said an added short, "The Critic," narrated by Mel Brooks, will be shown before and after the main feature.

Stokes said other EFS movies this semester include "Beat the Devil" with Humphrey Bogart, "The Third Man" starring Orson Welles and an English film, "Lord of the Flies."

Stokes added that a season ticket good for all movies can be purchased for \$8 at any EFS film showing.

The EFS has had financial problems in past semesters due to poor attendance, Stokes said.

If losses continue, Stokes said the

film society cannot continue for more than two semesters.

To increase attendance, less foreign films will be shown, Stokes said.

Stokes added that the first film of the semester, "Fantastic Animation Festival," showed a profit.

Stokes also said the EFS is looking for members.

"People who like movies enough to see them twice" are needed to help in selecting future movies, advertising and discussing films.

Interested people can sign up for the society at any showing of an EFS film, Stokes said

## Petitions open for two senate seats

Petitions to fill two residence hall district seats will be available in the student government office Monday, Senate Speaker Bill Mueller said Friday.

Mueller said two seats on the senate opened unexpectedly when senior Cathy Kozak was dismissed because of absenteeism at student senate meetings while junior Mark Gentry resigned Tuesday.

Mueller said any student senator who missed four roll calls is automatically removed from office in accordance with the bylaws.

Kozak missed her fourth roll call on Thursday, he said.

Kozak was unavailable for comment.

Gentry said he felt the student senate was more political than he expected.

"I made a mistake in getting involved," he said.

Any student living in a residence hall is eligible for these recently opened positions, Mueller said.

## Marijuana film slated

"Reefer Madness," a 1930s film showing the bad effects of smoking marijuana, will be shown Monday through Friday in the Union Walkway Lounge, Chuck Marley, University Board videotape Coordinator said.

"Madness" was originally scheduled to be shown earlier in the semester, but the supplier did not deliver the film so it was held up, Marley said.

He added that "Magical Mystery Tour," which was the scheduled videotape showing, will be held until next week.

## Heritage Chapel:

A look at  
a controversial church

## Cross views

Within the past few years an extremely controversial religious group, namely Heritage Chapel Church of Christ (H.C.), has arisen in Charleston. This letter is to inform everyone of this church's coercive methods and cultic tendencies. As will be pointed out later, the information presented here is documented fact and we feel it is our Christian duty to reveal the truth. Too many students have already been caught in this web of biblical misrepresentation (Galatians 1:6,7).

Basically, this church teaches that they, and some thirty other Churches of Christ all tied to Charles Lucas in Gainesville, Florida, are the only churches capable of preaching correct Christian doctrine. Thus, the only way to be "saved" is to join their church. They do not accept the work of other churches as being Christian or biblically correct. Consequently, they try to convert virtually everyone. In general, most other Churches of Christ (including the one in Mattoon) do not approve of H.C.'s techniques.

To accomplish recruiting, H.C. members establish instant friendships. They seem overly friendly and too persistent, and it can be proven these relationships are usually just facades. A simple "no" will not stop the constant flow of visits and invitations to prayer meetings and services. In fact, it is a common practice to ensure recruiting effectiveness by using intense verbal attack and psychological pressure, physical restraint, and other types of harassment. This is particularly true in the dorms. (Matt. 7:15; 23:15)

Upon joining the church, new members are often pressured into attending all services and meetings, which are held almost every night. Needless to say, school work is almost ignored (even though applying one's talents toward school work would seem like a good way of serving God). Other activities include classes on selected books of the Bible, and instruction in recruiting techniques. They claim not to interpret the Bible, but often present a distorted version of many biblical teachings. Members are also convinced that they must convert their families and friends regardless of any previous religious commitments.

We urge everyone to examine all the evidence and to especially decline any invitations by these members no matter how "innocent" these requests might seem (Romans 16:17). Do not hesitate to contact your RA, dorm counselor, or the university if ad-

## Editor's note

In the spring of 1979, the Eastern News investigated certain charges made against Heritage Chapel Church of Christ and some of its former members. The results of that investigation were published in this newspaper and stimulated an extensive exchange of letters in these columns. The Eastern News makes no judgment regarding

any religious faith or its adherents, but the issue of recruiting practices used by the chapel again has been raised in letters to the editor.

Since faith itself is unseen, arguments pro and con seem endless. This newspaper does not wish to cause or increase any ill will in the community, but it feels a responsibility to provide a platform from which opposing views may be expressed with equal weight.

These letters are the embodiment of that spirit. If additional letters are received on the subject, they will be added to our file, but will not be published.

ditional help (protection) is needed. H.C. members are not crazy; they are dedicated, but very misguided.

We also would like to address ourselves to the members of Heritage Chapel, especially the older adults. We are convinced that many of the adults have no idea of what type of "evangelism" is practiced by H.C. students. We urge you to take a serious and objective look at your church. Take time to learn the history of the Churches of Christ and you will discover that the Churches of Christ are a splinter group from the Disciples of Christ which was founded by Thomas Campbell and his son Alexander. (What about Matt. 15:9, Mark 7:7,8&) Take time to study the true meaning of "baptizo" in the Greek and you will discover that it has other meanings besides immerse (wash, cleanse, etc.). Ask yourself "Are coercion, harassment, and mental anguish the type of evangelism that Christ 'intended'?" True New Testament Christianity would not attack other Christians.

Since coming to Eastern we have spent two years getting to know your church. We have collected a massive file of information including letters, cards, newspaper and magazine articles, plus notes from sermons, devotionals, and Acts class. We know what your church believes, practices, and teaches. We cannot sit back and watch people being subjected to the type of harassment that is all too frequently associated with your type of "evangelism." Yes, we are Christians—those of us who are not former members of H.C. have not been immersed; we don't have prayer partners, we don't go to "soul talks", and we haven't taken Acts class, yet we are Christians. It is possible to be a Christian outside Heritage Chapel and the other Chuck Lucas churches. It is possible to be a Christian after leaving H.C. because the essence of salvation is not church membership, but faith in a risen Christ and acceptance of the grace of God (Ephesians 2:8,9).

We would like to stress that we do not hate you, or want your church destroyed; but we do hate the cruelty of your methods. We are deeply concerned about the people in Heritage Chapel and want to present the true side of Heritage Chapel Church of Christ (John 8:32).

Steve Polley  
Jim O'Dell  
Dave Murphy

Scott Spencer  
Bob Winder  
Joe Burney

Heritage Chapel is certainly grateful to the Eastern News in offering us the opportunity to express our beliefs. We are deeply concerned with the rumors that have been circulated.

We believe the Bible is the inspired Word of God and it is all that is necessary for faith and living the Christian life. For the Christian it stands as the absolute authority for his life. Since we believe that the Bible is God's will for our lives, we must decide to totally commit them to Christ.

We are known in the community as a church that does not discriminate against race, age, economic, social, or educational class. In keeping with Jesus' commands and example, we are to reach out to people of all walks of life. It is interesting to note that our members are involved in a wide variety of professions such as law, business management, accounting, law enforcement, nursing, sales representatives, teachers, and university instructors.

The Bible states if we are to be Christians, we are to strive to live above reproach. When many of our members became Christians, they left immorality, drunkenness, drug addiction and many lifestyles contrary to teachings of Christ. What our community and campus needs are more churches having that kind of impact. We attribute this to a return to preaching real New Testament Christianity; preaching that people need to deal with sin. The Bible says to watch out for false prophets, and that you will know them by their fruit. (Matthew 7:15) We can only point to the fruit of our members' lives. We believe that the dramatic transformation of these lives speaks for itself.

Another implication made toward Heritage Chapel is that our students suffer academically. This past Spring 27 of our students graduated from the university. Over one-third of them graduated with honors or high honors in their class. Certainly the record speaks clearly for itself.

Additional criticisms being made are that our members are pushy and apply pressure. We think it unfortunate that we live in a society in which evangelism is looked down on as such. The Bible clearly states that Christians are to proclaim the gospel to all the

world. (Matthew 28:18-20) The church's mission is to bring people to Christ. We do not believe in or practice pressuring people into becoming Christians or becoming a part of Heritage Chapel. On the contrary, it must be a voluntary, sincere, and seriously thought out decision. If we are being accused of being persistent in sharing good news and of feeling compelled to reach everyone we can for Christ we can make no apology, but rather, must agree with the apostle Paul that "the love of Christ compels us." (2 Corinthians 5:14)

There are a few individuals on this campus who have conducted seminars counseling people not to go to Heritage Chapel. They warn freshmen and transfer students not to investigate for themselves. Yet, they make no mention of the fact that they have never attended a worship service at Heritage Chapel personally to see for themselves. We would encourage everyone to come and see before making allegations of which they have no first hand knowledge.

We appreciate many honest concerned students and adults who have wanted to find out for themselves—those who refuse to listen to and be swayed by rumors and accusations. We appeal to each person's openmindedness to make his or her own decisions, based on what each has seen for himself.

The conflict is not harassment or pressure. The point of conflict is the message of God's Word and the need for man's obedience to it. We are seeing a similar reaction in our day to that which was seen in the first century. The church of Jesus Christ was looked on as a controversial church then, and it is looked upon as one today. In Acts 2, the Bible says that the first Christians "had favor with all the people." Yet, just a few years later we read that many wanted "to hear what your views are, for we know that people everywhere are talking against this sect." (Acts 28:22)

We are sincerely striving to be a New Testament church, and we urge all readers to come and see for themselves how we measure up to the standards of God's Word.

Andrew Van Bueren  
for Heritage Chapel

## Letters to the editor

### Teacher tests

Editor,

The executive board of the Eastern Illinois Chapter of Local 3500 of the American Federation of Teachers insists that any individual or group within the university community who seeks to evaluate any member of the

bargaining unit should do so only within the established guidelines and should not engage in any sort of kangaroo court or trial by publicity and hearsay. To do otherwise is to abrogate due process and to erode the integrity of the university. The contract now in the process of ratification provides that procedures of student

evaluation of faculty are to be established by each department. As soon as this is done, students should become familiar with the policies in each department in which they take courses.

John Simpson  
President  
AFT-EIU

### Letters policy

All letters to the editor must carry the name, address and telephone number of their authors for identification purposes. Letters which do not carry this information will not be published. Names will be withheld upon written request. Letters should be typed and should not exceed 250 words. Letters will be edited only for libelous material or space considerations.

# RHA may install more laundry units

by Sandy Young

Plans are being made to install washers and dryers on the upper three floors of both towers of Carman Hall, Housing Director Lou Hencken said at Thursday's Residence Hall Association meeting.

Hencken added that the installations probably will not be made until spring because of the work and details involved.

Hencken said the installation will

cost an estimated \$40,000.

He explained that the funds for the washers and dryers will come from a "money section in the budget" set aside for repairs and maintenance.

Hencken said there may not be enough money available at this time to make installations in both Carman towers. He added that they may equip one tower this year and the other next year.

Hencken said Carman Hall

requested the washers and dryers and Housing checked into it and found a "definite need" for the installations.

In other action, the RHA discussed the apology made by Student Senate President Bill Houlihan at their meeting last Thursday.

One representative pointed out that RHA heard Houlihan's apology but made no formal acceptance of it.

## Faculty senate to view plan

A proposal to form a liaison committee between the faculty senate, the University Personnel Committee and the American Federation of Teachers will be discussed at the faculty senate meeting, senate chairman Leonard Wood said Friday.

The meeting will be held at 2 p.m. Tuesday in the Union addition Martinsville Room.

Wood said he proposed the liaison committee to acquaint faculty members with changes in policy which might be contained in the new teaching contracts.

"In the past anything that concerns personnel has been handled by the UPC and the senate. Part of what they formerly did is now being handled by the union (AFT)," he said.

Personnel matters include tenure, retention, contract renewal and promotion.

## UB recruitment will feature film

Recruitment for University Board committees will be held from 9 a.m. to 4 p.m. Monday through Friday, Jean Goodwin, UB chairman said.

UB committees include coffeehouse, video tape, special events, movies, concerts, communications, Performing Arts, human potential, lectures, publicity and homecoming.

During recruitment the committees and their functions will be explained and a slide show presentation will be held, Goodwin said.

The slides will show various activities that the UB sponsors, Goodwin added.

Goodwin explained that the University Board is "a student programming board by the students for the students."

She added, "If you are looking for excitement and a little responsibility, give us a try."

# Cross country squad rouths SEMO 15-46

by Matt Davidson  
CAPE GIRARDEAU, Mo.—Reo Rorem, Joe Sheeran, and Mike Viano tied for individual honors in leading Eastern's cross country team to a 16-46 victory over Southeast Missouri State University Saturday.

The senior trio ran the four-mile course in 25:11 well ahead of the nearest SEMO runners. Coach Tom Woodall was pleased with the harriers showing.  
"They did have a fine run, but they probably could have run much faster," he said. "We tried to make a team run out of this one."

Another veteran runner, senior Mike Moore, placed fourth overall in the meet despite battling a cold. Woodall said that Moore's time of 25:26 was somewhat misleading by the fact that he was running with the bad cold. "He was fighting a cold so that held him back and seemed to bother him."

One of the keys to the Panther win could have been the fatigue setting in on the SEMO team. "Their runners went out very fast," Woodall said. "They acted like they were going to steal the race."

The spread of Eastern's top five and top seven runners was a very pleasant sight to Woodall. "Our top five men had an 18 second spread," Woodall said. "There was only a 29 second spread between our seventh man, Mike Beresford, and the leaders."

SEMO captured fifth and seventh

places respectively. Ken Hoffman crossed the finish line in the fifth position in 25:29 with teammate Pat Ratcliff two positions behind in 25:51. These three were the only three places southeast Missouri could muster out of the top 15 competitors.

Two-year letterman Larry Schuldts was fifth man for the Panthers and sixth overall with a time of 25:31. Freshman Chuck Elliott was seventh in the meet with a run of 25:36.

Running seventh for Eastern was Beresford with a time of 25:40. Robin Romans crossed the finish line 10th in 25:45. Following SEMO's Ron Ayers were four Panthers.

Placing 12th thru 15th were Jim Scruton in 25:55, Pat Hodge in 25:58, Terry Donahue in 25:59 and Dave Klemann in 26:01. The remaining runners in the 23-man field were from SEMO.

Woodall said the meet was run well considering the course it was run on. "It had a lot of turns," he said.

"It was a good start, but we have a long way to go," Woodall said. "We have a lot of improvements to make."

Eastern's junior varsity cross country team continued its domination of the Danville Area Community College Invitational Saturday by winning the 13-team affair with 47 points.

The top Panther performer was sophomore Mike Backer, who placed fifth with a time of 20:25.

# Booters lose to UMSL in 'worst game ever'

by Kathy Klisares

ST. LOUIS—Even though head soccer coach Schellas Hyndman said the University of Missouri St. Louis "isn't two goals better than us," that is what the scoreboard read after Saturday's game.

UMSL shut out the Panthers 2-0 for the first time since Hyndman became head coach in 1977. "This was the worst game I've ever seen Eastern play as long as I've coached here," Hyndman said. "They (UMSL) came on from the start of the game pressuring us and just didn't let up," Hyndman continued.

Schmidgall and Deroufe scored for St. Louis in the 31st and 63rd minutes of the game respectively. Both were

assisted by All-American striker Dan Muesenfechter.

As for the Panther offense, "Ross (Ongaro) was pretty well marked and since Gordon (Prempeh) was injured, he only played about 15 or 20 minutes," Hyndman said.

In that few minutes of playing time, Prempeh still got two shots off, which amounted to half of Eastern's shots on goal for the entire game.

"We only got four shots off the whole game and they were all in the second half," Hyndman explained. UMSL on the other hand took 17 shots on goal and made only one save as compared to the Panthers' six saves.

"John Schram played one of the best games I've seen him play," Hyndman said. "He did a good job for us in the goal."

"Pat Bruni and Terry Rolheiser also did very well on defense, but the team as a whole seemed flat. We just didn't have any intensity."

"The midfield didn't get the balls up front and UMSL just took it to us," Hyndman continued. "St. Louis played a good game and about 70 per cent of it was in our half of the field. They just came out and ran us down."

Despite the setback, the Panthers hope to be well recovered both mentally and physically in time for the Eastern Classic next weekend.

## Panthers win despite ominous start

by Andy Savoie

When this 1979 football season becomes history, one may look back on the first quarter of Eastern's exciting 58-21 victory over Wayne State last Saturday as the time when the Panthers came of age.

True, Eastern's gridders won their first two games of the season by comfortable margins, and did not look all that bad in the process. But when Wayne State scored two quick touchdowns in the first quarter Saturday to take a 14-0 lead, the Panthers, perhaps more out of necessity than design, began playing the high grade football befitting its capabilities.

### Other MCC scores

Northern Michigan 41 Grand Valley 14

Akron 15 Kent St. 13

Indiana St. 17 Western Illinois 14

Northern Iowa 21 North Dakota St. 10

Youngstown St. 17 Central St. (Ohio) 6

After falling behind, "the offense, defense and special teams all pulled together," said defensive coordinator John Teerlinck. "The whole team rose to the occasion."

No one rose to the occasion better than senior running back Poke Cobb, who scored three touchdowns and broke the all-time Illinois career rushing record by gaining 174 yards in 25 carries.

Cobb darted, bulled, and dashed his way through the Wayne State defense for numerous long gainers, the longest going for 74 yards, and had the new mark by halftime.

Cobb's running mate in the backfield, senior fullback Lonnie Denton, had almost as much a success, rushing for 101 yards and scoring Eastern's first two touchdowns. Denton's touchdowns were the first of 51 unanswered points scored by the Panthers, and its total of 58 was its highest since beating Wayne State 60-19 in 1968.

Denton said his substantial contribution was "not really" due to any advanced planning, as the Panthers game plan called for "the sweep and draws to the half back," as well as the pass.

But Panther head coach Darrell Mudra indicated Denton's impending value to the Panthers for the remainder of the season by saying "it'll help Cobb if we can get him the ball."

This duo of Denton and Cobb, while gaining the bulk of an impressive 309 total offensive rushing yards, were obviously not the only standout performers for a team which scored 58 points.

Also making a major contribution to the Panthers romp with six receptions for 73 yards was All-American wide receiver James Warring. Warring scored one touchdown on a quick over the middle pass from quarterback Steve Turk in the second quarter, and the pair almost teamed up for another in the third period on a dazzling 40 yard pass play.

None of these offensive weapons could have been so prominent, however, if it was not for the Panthers' defense. Defensive coordinator John Teerlinck was lavish in his praise of the Panthers' wrecking crew, which held Wayne State to only 168 total offensive yards.

"It's the hardest I've ever seen us hit," said Teerlinck, adding that "I don't think anybody can run against us."

The defense was once again spearheaded by the swarming front four of Randy Melvin, Charlie Krutsinger, Pete Catan, and Kenny Winbush.

Krutsinger had seven tackles, one

Eastern running backs plowing over an out-manned Wayne State defense was a common sight in the Panthers' 58-21 romp Saturday. In the top picture, fullback Rod Slaughter stretches into the end zone for a five yard touchdown. In the bottom, All-American Poke Cobb, the new Illinois collegiate rushing record holder, fights for some of his 174 yards in the game. (News photos by Ed Gray)

sack, and was the primary tackler on a third quarter safety, while Melvin and Catan combined for 13 tackles and three sacks.

The lopsided contest was not without its negative aspects, however, as starting linebacker Ira Jefferson suffered what is believed to be a serious injury to his left knee.
